

Citizens Consultations on Sustainable Consumption

This is an open invitation to citizens with an interest in public participation and sustainable consumption to join a European citizen consultation on sustainable consumption.

In the framework of the PACITA project (EU FP7-SiS) we will carry out a major citizen consultation activity on the topic of sustainable consumption in **University College Cork**. The citizen consultation will take place simultaneously in eleven countries across Europe.

On **Saturday October 25th 2014** more than a thousand citizens from around Europe will take part in the citizen consultations on sustainable consumption. One hundred citizens will be selected in each participating country to attend an interactive event to learn about sustainable consumption issues, and express their views. The project will engage citizens in the process of policymaking and building awareness on issues relating to a living and healthy planet.

The event is built on the assumption that citizens both merit and can have an effective, constructive voice within global political processes.

We would like to invite you to apply to join in this exciting project. If you would like to take part in the citizen consultations please email Dr Ciara Fitzgerald at cfitzgerald@ucc.ie with your indication as places are limited.

The deadline for applying is September 1st 2014. If you have any queries, please do not hesitate Ciara at cfitzgerald@ucc.ie.
